**Contributing Faculty:** Lawrence Cibula, MD, Radiation Oncology, and Ali Moussa, MD, Medical Oncology, Rick Judge, MD, Pathology, Bruce O'Brien, MD, Radiology, Tom Moore, MD

**Program Objectives:** Conferences will provide physicians with education and an opportunity for collaboration with peers, specialists, and oncologists regarding diagnosis and management of cancer patients. Physicians participating in this activity should be able to:

- Discuss the medical history, physical findings and staging of individual cancer cases
- Discuss findings from radiographic and pathology reports and determine if further tests are needed
- Discuss new therapies and determine the most appropriate treatment plan for specific cases

**Target Audience:** Physicians and other health professionals who care for patients with cancer.

### **Accreditation Statement:**

The McAlester Regional Health Center is accredited by the Oklahoma State Medical Association to provide continuing medical education for physicians. The McAlester Regional Health Center designates this educational activity for a maximum of *12 AMA PRA Category 1 credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Faculty will not be discussing healthcare products or services of a commercial company. They have disclosed relevant financial relationships with commercial companies and disclosures are available for review by participants. The McAlester Regional Health Center has not received commercial support for this educational activity.

**RSVP to Donna Smith: 421-8658**
